A New Day is Dawning

Sault Area Hospital Foundation
ANNUAL REPORT 2009 ~ 2010

Message from Gus Palombi, President and Cheryl Pavoni, Executive Director

“When you arise in the morning, think of what a precious privilege it is to be alive, to breathe, to think, to enjoy, to love.” ~ Marcus Aurelius

Dear Friends of the Foundation,

The theme of this year’s annual report, “A New Day is Dawning,” has great significance. Next year at this time we will be in our new home in a larger facility with new state-of-the-art equipment, new donor recognition elements and technological and physical enhancements resulting in improved safety, security and comfort for our patients and their loved ones.

2009 was an exceptional year in many ways. In a challenging economic climate, the Foundation was able to disburse over \$468,000 from the Annual Fund to the hospital and over \$3.4 million from the New Hospital Fund.

Plans for the design, supply, delivery and installation of our donor recognition elements at the new hospital are well underway to recognize all our donors that are currently on the Celebration of Life and Beacon of Hope donor walls. A new Campaign Feature will also be installed in the new hospital’s lobby recognizing donors that gave \$5,000 and over to the New Hospital Campaign.

It is important for everyone to not lose sight of the fact that the need for financial support continues on after the Foundation is moved to the new hospital. Equipment purchased as little as five years ago is rapidly being eclipsed by technological improvements occurring at an exponential rate. In order to keep pace with these demands and improvements, there will be a continuous need for funds to ensure that the newest and most advanced equipment is purchased. This equipment is an essential part of recruiting and retaining physicians and is vital to provide quality care to the patients we serve.

I hope you find this year’s annual report inspirational and you are able to reflect on how generous our community has been over the past year. “A New Day is Dawning” is quickly approaching and the Foundation staff and Board look forward to continuing the relationships we have created with our donors, volunteers, physicians and staff after we move into our new hospital in March 2011.

There is nothing more precious than good health, and nothing more important than good healthcare. Thank you for your support of the Sault Area Hospital Foundation; it is the best investment you can make in order to ensure that everyone in Sault Ste. Marie and the Algoma District has access to the best care.

Cheryl Pavoni, Executive Director & Treasurer
Augusto (Gus) P. Palombi, Board President

SAHF Volunteer Acknowledgement

The **Sault Area Hospital Foundation** would like to acknowledge the ongoing dedication and support of the numerous men, women and youth of the:

**MATTHEWS MEMORIAL HOSPITAL AUXILIARY
SAULT AREA HOSPITAL VOLUNTEER ASSOCIATION &
THESSALON HOSPITAL AUXILIARY**

We would also like to extend our thanks to the numerous individuals who have devoted their time and expertise to sit on our various committees.

We are very pleased to have this opportunity to thank those wonderful people who over the past year have generously given of their time on a regular basis, to assist us in our daily operations. You are an invaluable asset to the Foundation.

*The spirit of voluntarism and compassion for others
is a vital part of our national character.*

Special Note

We would like to express our sincere appreciation to all of you who have expressed your wish to remain anonymous.

The Foundation has taken every effort to ensure that all those who donated a minimum of \$500 to the Sault Area Hospital Foundation between April 1, 2009 and March 31, 2010 have been recognized in the Annual Report. We extend our deepest apologies for any errors or omissions and ask that you notify our office so we may make the correction.

Donor recognition in the Annual Report is based on the total amount of donations during a single fiscal year. Next year, in our July 2011 Annual Report for the fiscal year of April 1, 2010 to March 31, 2011, we will be changing our Annual Report recognition. The current limit of \$500 will be changed to a total giving of \$1,000 or more in donations during a single fiscal year. This level is in keeping with the donor recognition on our "Beacon of Hope" donor wall which remains unchanged at **\$1,000 or more** and is based on a donor's lifetime of giving.

Annual Giving Donors

Donations received from individuals, businesses, service clubs, groups and foundations
between April 1, 2009 and March 31, 2010.

SAHF Revenue / Donation Sources

2009-2010 Donation Sources

2009-2010 Revenue Sources

Cadd Prism Pumps

A *Cadd Prism Pump* is an ambulatory infusion device. The Algoma District Cancer Program (ADCP) has approximately 45-50 Cadd Pumps. These are used in the outpatient setting for chemotherapy, antibiotics, pain control, anti-coagulants and hydration. This allows the patient to safely receive therapy in their homes that would otherwise require a hospital stay. We also use them on inpatients for pain control and some chemotherapy. The pumps can conveniently fit into a fanny pack. Patients are able to maintain the best quality of life possible. In the clinic, pumps are used on a daily basis.

Cost is approximately:
\$5,200 each.

Ann-Liisa Erkkila, RN
with the Cadd Prism
Pump.

Total Care bariatric adjustable bed

This *Total Care bariatric adjustable bed* for overweight patients provides progressive mobility with flexible wound and pulmonary therapies. It can be put into a chair position and has a trapeze to assist the patient with early mobilization.

It has a low air loss pressure redistribution mattress that helps prevent and treat pressure ulcers. It also includes Turn Assist, Seat and Foot Deflate, and optional pulmonary therapies.

Cost of *Total Care bariatric adjustable bed*: \$37,498

Bedside Spirometer for the Respiratory Department

The *Bedside Spirometer* is used to measure basic lung function. It gives measurements of airway flow and some lung volumes. It is a safe, easy to use screening tool to quantify the severity of known lung disease, assess responsiveness to medications, and to assess risk for surgical procedures known to affect lung function. Reports are generated to show this information. This information is then interpreted by a physician and further treatment or screening can be ordered if required. The new spirometer replaced an older machine. It provides a more thorough report and is much easier to use.

Cost of Bedside Spirometer: \$2,897.12

Erin Maione,
Respiratory Therapist
holds the Bedside
Spirometer.

Pictured as well is the printer that will give an output reading of all the measurement data.

Autoclavable Lens & Cords

The scopes and light cords that we had previously were older technology and were being sent out for repair often. The new high definition technology necessitated the purchase of new scopes to complement our new camera systems.

Laparoscopic surgery is minimally invasive surgery. This means that the surgeon can operate on the patient by using a camera, scope and light cord to see inside the patient instead of using an open incision. An open incision takes longer to heal and means more recovery time for the patient.

With the new scopes that have been acquired for the Operating Room, the image produced is much clearer than the older scopes. This aids the surgeon to be able to visualize his operative field, be it for gallbladder removal, arthroscopies or bowel surgery.

Cost of Autoclavable Lens & Cords: \$156,000

Alyson Robinson, RN
holds one of the Storz
Autoclavable Scope &
Light Cords.

Sonosite Ultrasound Machine for the Surgical Department

The Sonosite portable ultrasound system produces high-quality images that are used for diagnostic evaluations, as well as guiding invasive procedures. It is used by Anesthetists to perform nerve blocks and place vascular access lines. This modern technology allows the Anesthetist to see the structures, thereby minimizing the risk to patients. This has been a long-awaited vital piece of equipment for the surgical department.

Cost of Sonosite Ultrasound Machine: \$54,771.64

In the photo: Dr. Phil Dopp, Anesthetist

Fetal Doppler

- Assesses the heart beat of a fetus

Stethoscopes and Digital Thermometers

- Assess the heartbeats, lungs' sounds and temperature of babies and children

Sleeper Chairs

- Accommodates parents who need to sleep in the hospital to help care and comfort their child

Students, parents, and staff from Our Lady of Lourdes and St. Theresa Catholic Schools worked hard to raise over \$12,641 for our Hospital's Maternal Child Care Fund through the 'Mission Possible Fundraising Initiative.'

Purchased for:
**Neonatal
Intensive
Care Unit &
Paediatrics**

Cost:
\$9,943.69

"Friends Forever" Monthly Donor Program

It is with great pleasure we are able to share with you that over the past year we received **\$31,554** in donations from the individuals and families that participated in our **"Friends Forever" Monthly Donor program**. There were **179 participants** in this program between April 1, 2009 and March 31, 2010. We would like to take this opportunity to thank you for choosing a simple and easy way to make a lasting difference in the lives of our patients and healthcare in our community.

To become a **"Friend Forever"** monthly donor please contact the Foundation office at **(705) 759-3848** or email us at: **foundation@sah.on.ca**

Our Sincere Thanks...

We take this opportunity to extend our sincerest appreciation to the following Funeral Homes & Cremation Centres for their ongoing support of our Tribute Program.

Their thoughtful and caring staff assist us in ensuring our in memoriam donations are received and processed confidentially and in the most efficient manner possible.

“Building a Bridge to the Future” Legacy Society

The **“Building a Bridge to the Future” Legacy Society** recognition wall honours those individuals who have made provisions for a future gift to the SAH Foundation. These gifts are made possible through Bequests, Life Insurance, Stocks, Bonds, Mutual Funds, RRSP/RRIF, Charitable Gift Annuity, Charitable Remainder Trust or establishing an Endowment Fund.

In view of the fact that these gifts are not received during a donor’s lifetime, membership in the Legacy Society gives the Sault Area Hospital Foundation the opportunity to appropriately recognize their gift today.

A special thank you to the newest members of our Legacy Society that were added during our April 1, 2009 to March 31, 2010 fiscal year.

**Cheryl & Andy Pavoni

SAHF

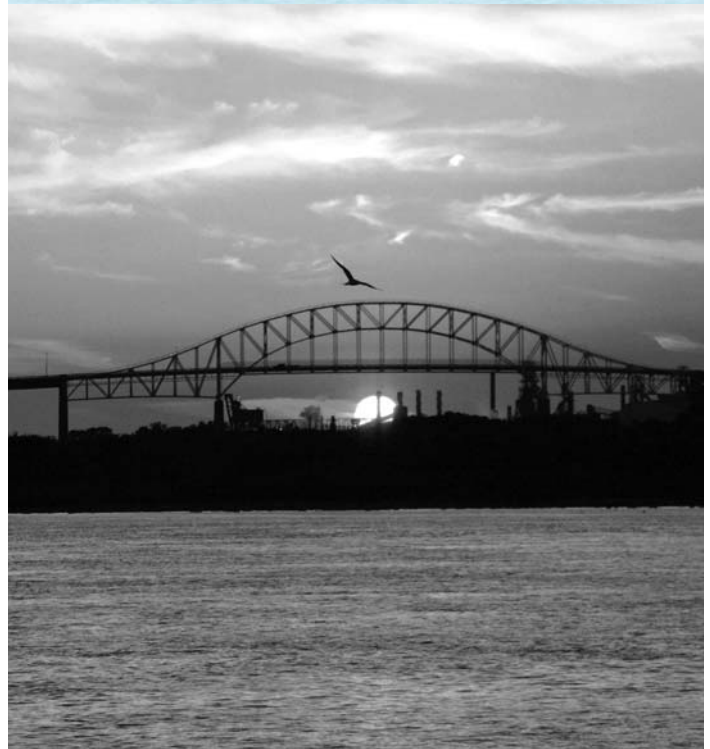

Building a Bridge to the Future

Estate Distributions

We graciously acknowledge the caring forethought and generosity of the following donors whose estate planning gifts were received during the time period of April 1, 2009 - March 31, 2010. These gifts are an expression of their values, hopes and dreams of a vision for better healthcare for our community.

There are a number of ways to consider leaving a future gift: gifts of stocks, bonds, mutual funds, RRSP’s, RRIF’s, life insurance and the most common used - making a bequest in their will.

*Estate of Patricia Graham
Estate of Marie Trudeau-Vincent
Estate of J.A. McPhail
Estate of Myrtle Victoria Kell
Estate of Theresa Tasso*

The SAHF's Wedding Program

This was the third official year of our **Wedding Program** and we are very happy to report that over the past fiscal year we received donations from six weddings totaling **\$4,705**. We would like to express our thanks to those happy couples who chose to forego the traditional wedding bonbonnières by making a donation to the SAHF in honour of their guests.

We wish you a lifetime of good health and happiness.

The SAHF's Tribute Gift Program

The Sault Area Hospital Foundation's **Tribute Gift Program** provides donors with the opportunity to express their joy, gratitude or sympathy by making a gift in honour or in memory of someone dear to them.

In Honour gifts are a wonderful way to celebrate a milestone or special moment such as the birth of a child, a wedding, birthday, anniversary, graduation or any other happy occasion. It is also a great way to express gratitude or pay tribute to a special someone you respect and admire.

In Memoriam gifts are often made by friends and family at funerals in lieu of flowers but, are also made throughout the year in remembrance.

Season's Greetings gifts are a simple and heartwarming way during the holiday season to let others know that you care enough to send them something special while helping the present and future patients of the Sault Area Hospital at the same time.

In Memoriam...

We take pride in recognizing the following in whose loving memory we have received a total sum of \$500 or more in donations to the Sault Area Hospital Foundation from April 1, 2009 ~ March 31, 2010.

Our Mission

The founding and ongoing purpose of the **Sault Area Hospital Foundation** is to raise funds for the hospital. The provincial government provides the basics in healthcare, but these basics do not include the cost of new and replacement medical equipment. Equipment and upgrades to patient care facilities and programs have always been considered a community responsibility.

To accomplish this, the Foundation seeks community involvement through donations from patients, their families and friends, businesses, service clubs and other organizations.

Privacy Statement

Sault Area Hospital Foundation respects your privacy. We protect your personal information and adhere to all legislative requirements with respect to protecting privacy. We do not rent, sell or trade our mailing lists. The information you provide will be used to deliver services and to keep you informed and up to date on the fundraising activities of the Foundation.

If at any time you wish to be removed from our mailing list, simply contact us by phone at (705) 759-3848 or by e-mail at: **foundation@sah.on.ca** and we will gladly accommodate your request.
